

My dog Wags

I have a dog and his name
is Wags,

He eats so much that his
tummy sags,

(Use both hands to accentuate tummy in semi-circle motion)

His ears flip-flop, and his tail
wig-wags,

(Place both hands by your own ears like two dog ears and on 'flip' bend one hand over, then on 'flop' bend the other hand over. Hold up one hand and on 'wig' move it to the left, then on 'wag' move it to the right)

And when he walks he goes
zig-zag.

(On 'zig' quickly slide hips to the left and then on 'zag' slide them to the right)

He goes flip-flop, wiggle-
waggle, zig-zag,

(Place both hands by your own ears like two dog ears and on "flip" bend one hand over, then on "flop" bend the other hand over. Hold up one hand and on "wig" move it to the left, then on "wag" move it to the right. On "zig" quickly slide hips to the left and then on "zag" slide them to the right)

He goes flip-flop, wiggle-
waggle, zig-zag.

(Place both hands by your own ears like two dog ears and on "flip" bend one hand over, then on "flop" bend the other hand over. Hold up one hand and on "wig" move it to the left, then on "wag" move it to the right. On "zig" quickly slide hips to the left and then on "zag" slide them to the right)

I love Wags and he loves
me.

(Give child a big hug)
